

Andrii Demchenko

Front-end Developer

A professionally growing and motivated individual, ready to actively learn and develop. I prefer high quality standards and always strive to achieve the best results in my work. I have a wide range of plans and ambitions in life, which drives my motivation and persistence in achieving my goals. I am convinced that interaction and cooperation with colleagues is the key to success, so I can maintain a positive and favorable working atmosphere. At the same time, I am open to the opinions of others, but if necessary, I am ready to defend my position.

Latest projects

Portfolio Website

My personal web site is developed on React, where all my projects and information about me are presented.

RunSmart Website

Landing for the sale of smart watches.

Marvel Info App

Here I worked with "Marvel API". A lot of functionality was implemented in the application using many libraries, hooks, etc.

Modern Website

The application is written in typescript, using movie db.
